Unauthorized access to systems of overseas subsidiaries

On Monday, June 17, we confirmed that there was unauthorized access to the server used by our subsidiary, BELLSYSTEM24 VIETNAM Inc. (Bellssystem24 Vietnam).

With the cooperation of experts from our group and cyber security companies, the company has immediately begun measures to ascertain the situation and resolve it, and is currently investigating the scope of its impact.

In the future, we will disclose the information once it becomes clear.

We sincerely apologize for any inconvenience and concern this may cause to those involved.

Names of companies and products described in this manual are registered trademarks or trademarks of their respective companies.
